American Indian Health Statement

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or *Member Handbook* carefully to find out what is covered.

Introduction

How to find PrimeWest Health providers

Providers in this directory are divided into sections by type (for example, *Primary Care Clinics*, *Chiropractic Providers*, *Dental Providers*, etc.). These are listed in the Table of Contents on page 1. Providers are either listed by state and then county, or by state, specialty, and then county. To find a provider in your area in the sections listed by county, look for your county or one near you and then choose a provider. To find a provider in your area in the sections listed by specialty, look for the specialty you need and then your county. Home and Community Based Services (HCBS) providers and Personal Care Assistance (PCA) providers are included in a separate subdirectory. You can ask for a copy of the subdirectory by calling Member Services at **1-866-431-0801** (toll free). TTY users call **1-800-627-3529** or **711** (toll free).

Network providers

You must get all of your health care from PrimeWest Health network providers. There are some exceptions. Examples of exceptions are: emergency or urgent care, **open access services**, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services.

Specialty providers

When your primary care provider thinks that you need specialized treatment, you may go to see a specialist or certain other providers within our network. A specialist is a health care provider who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists, who care for patients with cancer
- Cardiologists, who care for patients with heart conditions
- Orthopedists, who care for patients with certain bone, joint, or muscle conditions

Our plan is a direct access plan. This means you do not need to get a referral to get services from network providers. For some types of services, you may need to get a Service Authorization.

Important Information

Care Coordination

PrimeWest Health's care coordinators help connect members to services and resources they need to get the best possible care. Some members are also eligible for case management through the county. County case managers/care coordinators may be nurses or social workers. They coordinate health care services for members and can accompany members to health care appointments, if needed. They can also assist members with the following:

- Arranging for and coordinating assessments, tests, and other health and continuing care services
- Developing and updating care plans
- Communicating with a variety of agencies and people
- Disease management programs
- Other services as outlined in care plans

Case managers are automatically assigned to members age 65 and over and to those enrolled in our programs for people with disabilities. However, members always have the right to refuse case management/care coordination.

You can get more information on how to access care coordination services by calling Member Services at **1-866-431-0801** (toll free). TTY users call **1-800-627-3529** or **711** (toll free).

Clinics

When you are a member or become a member of PrimeWest Health, you chose or were assigned to a primary care clinic. Your primary care clinic can provide most of the health care services you need and will help coordinate your care. This provider will also advise you if you need to see specialists. You may change your primary care clinic. If you need help choosing or changing your primary care clinic, call Member Services at **1-866-431-0801** (toll free). TTY users call **1-800-627-3529** or **711** (toll free).

Cost Sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost-sharing amount directly to your pharmacy or health care provider. You can get a ***Member Handbook*** with more information about cost sharing.

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. Call Member Services at **1-866-431-0801** (toll free) to get interpreter services. TTY users call **1-800-627-3529** or **711** (toll free). PrimeWest Health may need to bring another person to the phone who speaks your language.

Long-Term Services and Supports (LTSS) for MSC+ Members

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program, as a PrimeWest Health MSC+ member. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. LTSS are intended to help you live in the community and are typically provided at your home by Home and Community Based Services providers.

You must have a long-term care consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your care coordinator will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your care coordinator will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) program services. MHM services are separate from Elderly Waiver (EW) services, but you must be eligible for EW.

To find out more about these services, see your ***Member Handbook***. Call Member Services to get more information on how to access these services.

Member Handbook

To get detailed information about covered health care services, see your ***Member Handbook***. It also explains your rights and responsibilities as a member of PrimeWest Health. Contact Member Services at **1-866-431-0801** (toll free). TTY users call **1-800-627-3529** or **711** (toll free). You can ask for a printed copy of the ***Member Handbook*** at any time. You can also access the ***Member Handbook*** on our website by going to one of the following web pages and looking in the *Member Materials* box:

You will get your member ID card with your member packet when you become our member. You may request a replacement ID card or a ***Member Handbook*** by calling Member Services at **1-866-431-0801** (toll free). TTY users call **1-800-627-3529** or **711** (toll free).

Service Authorization

Our approval is needed for some services to be covered. You must get our approval before you get certain services or before we pay for them. This is called a Service Authorization. You need a Service Authorization to see any provider who is NOT part of the PrimeWest Health network, except for emergency and urgent care services, out-of-area renal dialysis, **open access services**, and some specialists for Special Needs BasicCare (SNBC) members. You or your provider may call Member Services at **1-866-431-0801** (toll free) to request a Service Authorization. TTY users call **1-800-627-3529** or **711** (toll free).
