American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can use a particular provider on this list. If you want to make sure, call that provider to ask whether he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your *Member Handbook* carefully to find out what is covered.

Introduction

How to find PrimeWest Health Providers

This directory includes all PrimeWest Health network Home and Community Based Services (HCBS) providers and Personal Care Assistance Provider Agencies (PCPAs)/Community First Services and Supports (CFSS) that serve the PrimeWest Health service area.

To find other PrimeWest Health network providers, see the ***Provider and Pharmacy Directory***. You can also visit our website at **www.primewest.org/members** or call Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. These calls are free.

Home and Community Based Service Providers

Home and Community Based Services (HCBS) may be accessed through your county case manager as part of your care plan. These services will be provided by PrimeWest Health contracted and/or approved providers. To find out more about these services, see your ***Member Handbook***. Call your county case manager if you need more information about how to access these services.

HCBS providers in this directory are listed by county of service. To find an HCBS provider in your area, look for your county and then choose a provider. You can also find HCBS providers by visiting our website at **www.primewest.org/elderly-waiver.**

Personal Care Assistance Provider Agencies (PCPAs)/Community First Services and Supports (CFSS)

To find out more about Personal Care Assistance (PCA)/CFSS services, see your ***Member Handbook***. Call Member Services to get more information about how to access these services.

PCPAs/CFSS in this directory are listed by county. To find a PCPA/CFSS provider in your area, look for your county and then choose a provider.

Network providers

You must get all your health care from PrimeWest Health network providers. There are some exceptions. Examples of exceptions are emergency or urgent care, **open access services**, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services.

Specialty providers

When your primary care provider thinks that you need specialized treatment, you may use a specialist or certain other providers within our network. A specialist is a health care provider who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists, who care for patients with cancer
- Cardiologists, who care for patients with heart conditions
- Orthopedists, who care for patients with certain bone, joint, or muscle conditions

Our plan is a direct access plan. This means you do not need to get a referral to get services from network providers. For some types of services, you may need to get a Service Authorization.

Important Information

Case Management

Upon enrollment in MSC+, a county case manager or PrimeWest Health care coordinator is assigned to you. County case managers/care coordinators may be nurses or social workers. However, you are not required to use case management/care coordination services if you choose not to. You may also ask us at any time to work with a different case manager/care coordinator.

County case managers/care coordinators coordinate health care services for members. County case managers can go with members to health care appointments, if needed. County case managers/care coordinators also do the following:

- Ensure each member gets coordinated, person-centered care for all of their health needs
- Arrange for and coordinate assessments, tests, and other health and continuing care services
- Develop, evaluate, and update person-centered care plans
- Promote best practices for each member's care
- Help members get culturally specific care based on their needs and preferences
- Help members with long-term supports and services
- Stay in contact with members and their treating providers
- Provide other services as outlined in care plans

If you choose not to use case management services, a county case manager/PrimeWest Health care coordinator will still be assigned to you. If you have transitions of care (such as going home after a hospital stay) or other significant changes in your needs, the county case manager/care coordinator will contact you to help coordinate your care.

You can get information on how to access county case management/care coordination services by calling Member Services at **1-866-431-0801**. TTY users call **1-800-627-3529** or **711**. The call is free.

Clinics

PrimeWest Health encourages you to choose a primary care clinic. Your primary care clinic can provide most of the health care services you need and will help coordinate your care. Please confirm with Member Services that your clinic is still a provider with our health plan. You can go to any primary care clinic that's listed in this directory or our online provider search at **www.primewest.org/providersearch.**

Cost Sharing

For Medical Assistance: **You do not have cost sharing for services covered under Medical Assistance**.

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. Call Member Services at **1-866-431-0801** to get interpreter services. TTY users call **1-800-627-3529** or **711**. These calls are free. PrimeWest Health may need to bring another person to the phone who speaks your language.

Long-Term Services and Supports (LTSS) for MSC+ Members

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program as a PrimeWest Health MSC+ member. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. LTSS are intended to help you live in the community and are typically provided at your home by Home and Community Based Services providers.

You must have a long-term care consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your county case manager will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your county case manager will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) program services. MHM services are separate from Elderly Waiver (EW) services, but you must be eligible for EW.

To find out more about these services, refer to your ***Member Handbook***. Call Member Services to get more information on how to access these services.

Recuperative Care

Recuperative care services are available to PrimeWest Health members experiencing homelessness to help prevent hospitalizations; or provide medical care and support services for members unable to recover from a physical illness when living in a shelter or are otherwise unhoused. PrimeWest Health members receive recuperative care services when they don't need to be hospitalized or remain hospitalized, or don't meet severity of illness for other levels of care.

A PrimeWest Health member must have a referral for recuperative care services from a hospital or clinic.

To be eligible for recuperative care services, a PrimeWest Health member must meet all the following criteria.

- 21 years or over if they have Medical Assistance, or 19 years or over if they have MinnesotaCare
- Experiencing homelessness or are unhoused
- In need of short-term medical care for fewer than 60 days
- In need of assistance with the following covered services
  - **Covered Services**
    - Facilities and providers must ensure they are providing services only within their scope of practice.
    - Basic nursing care including monitoring physical health and pain level
    - Wound care
    - Medication support
    - Patient education
    - Immunization review and update
    - Clinical goals development for the recuperative care period and discharge plan
    - Care coordination including initial assessment of medical, behavioral, and social needs
    - Care plan development
    - Support and referral assistance for legal, housing, transportation, case management, and community social services
    - Support and referral assistance for health care benefits, health, and other eligible benefits
    - Care plan implementation follow-up and monitoring
    - Medical, social, and behavioral (counseling and peer support) services that can be provided in the recuperative care setting
    - Community health worker services (Minnesota Statutes, 256B.0625, 43.25 subdivision 49. 43.26)

Recuperative care providers are not listed in this directory. Visit **https://mhcpproviderdirectory.dhs.state.mn.us** or **https://mn.gov/adresources/** for a more comprehensive list. If you have additional questions, call Member Services at the phone number listed on the front cover of this book.
