Services Offered

- Quarterly Targeted Medication Review (TMR)

These services are provided by telephone, or in some cases in person. PrimeWest Health works with an organization called Aspen RxHealth.

What You Can Expect

What can you expect from the following services?

Comprehensive Medication Review (CMR)

You will be asked to have all your medications with you. A trained MTM provider will review each of them, including how much and how often you take them. The review usually takes about 30 minutes. After the review, you will get a summary of the discussion, a Medication Action Plan, and a Personal Medication List (PML). A sample of the PML is included at the end of this document.

Targeted Medication Review (TMR)

Once every few months, your medications will be reviewed for certain issues. We may contact your health care provider if we find a potential problem.

It's Easy to Get Started!

If you meet the eligibility criteria above, you will be **automatically enrolled** in the MTM Program, including CMR and TMR services. You will get a welcome letter that tells you how to schedule a CMR.

There is **no added cost** to eligible members for this program. You may cancel your enrollment in the MTM program at any time. You may also choose to take part in only certain services you find valuable. Your prescription drug benefits will not change if you do or do not take part in this program.

For more information or to receive MTM service documents, call Member Services at **1-800-366-2906**. TTY users call **1-800-627-3529** or **711**. The call is free. Hours of operation are: October 1 – March 31, 7 days a week, 8 a.m. – 8 p.m.; April 1 – September 30, Monday – Friday, 8 a.m. – 8 p.m. Ask to speak to someone about the MTM Program.

The MTM Program is a service offered to eligible members at no extra cost. This service is not considered a benefit.
